

Obviously

The Fun Factory

Recently I've been, hopelessly reaching
Out for this girl, who's out of this world believe me
She's got a boyfriend, he drives me round the bend
'Coz he's 23 he's in the marines he'd kill me For so many nights now
I find myself thinking about her now 'Coz obviously she's out of my league
And how can I win she keeps dragging me in
And I know I never will be good enough for her
No no, I never will be good enough for her Got to escape now, get on a plane now, yeah
And out to L.A. and that's where I'll stay for two years And put her behind me
I'll put her behind me
Go to a place where she can't find me, ooh 'Coz obviously she's out of my league
I'm wasting my time 'coz she'll never be mine
And I know I never will be good enough for her
No no, I never will be good enough for her She's out of my hands and I never know where I stand
'Cos I'm not good enough for her
Good enough for her
Good enough for her 'Coz obviously she's out of my league
I'm wasting my time 'coz she'll never be mine
And I know I never will be good enough for her 'Coz obviously she's out of my league
But how can I win she keeps dragging me in
I know I never will be good enough for her She's out of my league
I'm wasting my time 'coz she'll never be mine
And I know I never will be good enough for her
No no, I never will be good enough for her
