

Er What?

Victims Family

No more TV shows about your police I've had as much hatred as I can take, I toss yer shit and I get stronger but I just can't take it any longer. No more movies about World War 3 with commiejapstereotypepeople. Turn it up, turn it up a little bit louder, turn it off. No more uptightslimeballmotherfuckersnotnosedsonof abitch. Get your life together fool, you got a bug up yer ass er what?
