Descent

Fear Factory

Descent, descentFalling victim from neglect
Designed thoughts and intellect
Forgotten and displaced
The crux of my dismayI feel nothing, I am nothing
I feel nothing, nothingHow deep I descend
Till I reach my end?
How deep I descend?How deep I descend
Till I reach my end?
How deep I descend?Deeper into this abyss
Weighted down and sinking fast
Life did not offer me
More than false destinyI feel nothing, I am nothing
I feel nothing, nothingHow deep I descend
Till I reach my end?
How deep I descend?How deep I descend
Till I reach my end?
How deep I descend?I am nothing, I feel nothing
I am nothing, I feel nothingNothing, nothing
Nothing, nothingHow deep I descend
Till I reach my end?
How deep I descend?How deep I descend
Till I reach my end?
How deep I descend?How deep I descend?
How deep I descend?
How deep I descend?
How deep I descend?
