You And I

Wilco

You and I, we might be strangers
However close we get sometimes
It's like we never met
But you and I, I think we can take it
All the good with the bad
Make something that no one else has but
You and I, you and I
Me and you, what can we do
When the words we use sometimes
Are misconstrued
Well, I won't guess what's coming next
I can't ever tell you
The deepest well I've ever fallen into
Oh, I don't wanna know
Oh, I don't wanna know

Oh, I don't need to know
Everything about you
Oh, I don't wanna know
And you don't need to know
That much about me
You and I, we might be strangers
However close we get sometimes
It's like we never met
But you and I, I think we can take it
All the good with the bad
Make something that no one else has but
You and I, you and I
You and I, you and I
You and I, you and I
You and I, you and I
