

# You And I

Wilco

You and I, we might be strangers  
However close we get sometimes  
It's like we never met  
But you and I, I think we can take it  
All the good with the bad  
Make something that no one else has but  
You and I, you and I  
Me and you, what can we do  
When the words we use sometimes  
Are misconstrued  
Well, I won't guess what's coming next  
I can't ever tell you  
The deepest well I've ever fallen into  
Oh, I don't wanna know  
Oh, I don't wanna know  
  
Oh, I don't need to know  
Everything about you  
Oh, I don't wanna know  
And you don't need to know  
That much about me  
You and I, we might be strangers  
However close we get sometimes  
It's like we never met  
But you and I, I think we can take it  
All the good with the bad  
Make something that no one else has but  
You and I, you and I  
You and I, you and I  
You and I, you and I  
You and I, you and I
