

Addicted

Randy Houser

Your love is a drug
That I just can't get off of my shoulders
There's never enough
And I am the junkie that it's taken over

I've never tasted something so pure
You're either the death or the cure

Cause I'm achin', I'm sweatin'
This lonely ain't helpin'
If only you'd stay for the night

Been hooked on that feeling
That high that you're dealing
Just look what you've done to my life

I found what was missin'
And I can't resist it
Oh, baby, I'm addicted

Just like alcohol
Cigarettes and cocaine
You start at my heart
And you run through my veins

And I'm constantly cravin'
I'm chancin' and chasin'

And I'm achin', I'm sweatin'
This lonely aint helpin'
If only you'd stay for the night

Been hooked on that feeling
That high that you're dealing
Just look what you've done to my life

I found what was missin'
And I can't resist it
Yeah, baby, I'm addicted

Yeah, baby, I'm addicted

Your love is a drug
That I just can't get
Off of my shoulders
