Ideal Woman

William Shatner

I want you to be youDon't change 'cause you think I might like you to be different I fell in love with youI don't want you blond I don't want you not to swear, not to swept

It's you I fell in love with

Your turn of phrase, your sensitivity, your irrational moves
Well maybe that could go

But everything else, I want you to be youI want you to dance whenever you feel it up by the bandstand In the parking lot up on the table

Well, maybe the table can go

But I want you to be youI love what you wear 'cause you're wearing it

That shawl that clinging dress the svelte black jacket

Those leopard capris well, maybe not the capris

But I want you to be youI love what you eat you want yogurt, you got yogurt

Papaya, it's yours chewing gum, chew away

I want you to be you

Spit out the gum, it doesn't workWhen you sleep, you're the most beautiful

In the moonlight, your soft skin glows

Your hair scroll on the pillow a vision

The murmuring breath, the slight snore

The slight snore, I want you to be you
