

Million Tears

Kasey Chambers

Take my hand
Break my stride
Make me smile
For every time I've cried
Hold my heart
In the palm of your hand
Don't listen to it breakin'
Just listen to the band

Do you want to ride in my car?
It's parked out on the street
Or just stay with me a while
Before I fall asleep
Take these tears
Wash your skin
I'm havin' trouble breathin'
Since you walked in

My hands are tied
My head is reelin'
My eyes have cried
A million tears
From wishin' you were here

All my life
I've welcomed pain
I've made up more excuses
To bring it back again
Now I'm here
And I'll drink to the shame
I'll drink to the madness
That made me this way

My hands are tied
My head is reelin'
My eyes have cried
A million tears
From wishin' you were here

Take these tears

Wash your skin
I'm havin' trouble breathin'
Since you walked in
