

# One Time For Love

Ginuwine

You know what baby  
A lot of things have been going on, you know what I mean?  
And I just want us to be together, you understand me right? Stay one time for love, stay baby  
All my life been dreaming, thinking, wishing and hoping  
For somebody like you, you know what I mean? Listen I can see beneath the jade cover  
That you're one girl who's stalled from loving  
So to you I offer all my heart, yeah Life is confusing, girl it's true  
And I'm not perfect but I do  
See us as more than a dream  
I'm guessing you feel like me so Baby could you stay one time? One time for love  
You think about me, don't wanna be without me  
And I am all you'll ever need and more  
And since I'm in your bed right now then Baby can I stay one time? One time for love  
So I can feel you and be near you  
And if you want my touch then  
Baby can you stay one time for love? Baby I'm not a foolish man  
I can't feel something and hold it in  
So don't you be a foolish girl  
And deny yourself a chance we both know you're worth If there is a way we'll find  
The path that makes our love feel right  
But for now let me meet your needs  
And if you feel like me then Baby could you stay one time? One time for love  
You think about me, don't wanna be without me  
And I am all you'll ever need and more  
And since I'm in your bed right now then Baby can I stay one time? One time for love  
So I can feel you and be near you  
And if you want my touch then  
Baby can you stay one time for love? Now do you hear me  
When I say that you're the only one that I need?  
See, I done had my share of lovers  
But none don't come above you  
Now let my body show you what I mean I hope you hear me  
When I say that you're the only one that I need  
And since we're here tonight we should make it right  
And do it one time for love Baby could you stay one time? One time for love  
You think about me, don't wanna be without me  
And I am all you'll ever need and more  
And since I'm in your bed right now then Baby can I stay one time? One time for love  
So I can feel you and be near you

And if you want my touch then  
Baby can you stay one time for love? Baby could you stay one time? One time for love  
You think about me, don't wanna be without me  
And I am all you'll ever need and more  
And since I'm in your bed right now then Baby can I stay one time? One time for love  
So I can feel you and be near you  
And if you want my touch then  
Baby can you stay one time for love? Baby could you stay one time? One time for love  
You think about me, don't wanna be without me  
And I am all you'll ever need and more  
And since I'm in your bed right now then Baby can I stay one time? One time for love  
So I can feel you and be near you  
And if you want my touch then  
Baby can you stay one time for love?
