

# Save Us

## Bellarive

Who are we to call upon You  
Ruler of the seas?  
Still a God who lends an ear to  
The least of there, we're calling out  
We are all as good as dead lights  
Choking on the dust  
Oh, God who makes the dead rise  
Come to us, come to us  
We're calling out  
Save us, save us  
We're calling out  
Save us, save us  
Save us

Oh, the sin that longs to kill us  
Is waiting by our graves  
Even here Your love will need us  
What depth of grace, Your grip remains  
We're calling out, save us, save us Save us

Ransom Your daughters, fight for Your sons, God for Your glory, we know you'll come God for Your glory, we  
know You'll come

We know You'll come

We're calling out, save us, save us Save us  
Save us, You must, for Your glory we trust
