Cabaret!

Jacks

Ok, it's in my body, but I just wanna dance,
I don't want anything serious but a little romance.
Cause I know your reactions,
Your satisfaction,
Cause I just wanna remember the name...
...Of the cabaret's girl!Is everything all right here? Cause the music is so low.
She doesn't want anybody out of this cabaret,
Your body is my connection,
With this awesome sensation,
Cause girl I don't want to let you go, yeah...Because I gotta find you,
Now I'm a better actor,
But I'm gonna try to make it happen,
This could have many endings.Ok! My body is in love with your body,
Ok! Your body is better than nobody's,
Ok! That is the way we are loving honey,
This is out control...Ok! You are my everything, my disaster,
Don't want to stop, so please go faster,
Everything's wrong, I know, I like it,
You are rock & roll...
...You're rock & roll!Never known any dull time,
You have a cabaret life,
Just tell me if you really want that,
The stage is hitting its prime!I don't care if your
mornings feel so blue,
I don't' care if those
red lights work with you!Ok! My body is in love with your body,
Ok! Your body is better than nobody's,
Ok! That is the way we are loving honey,
This is out control!Ok, you are my everything, my disaster,
Don't want to stop, so please go faster,
Everything's wrong, I know, I like it.
You are rock & roll...Ok! My body is in love with your body,
Ok! Your body is better than nobody's,
Ok! That is the way we are loving honey,
This is out control!You are my everything, my disaster,
Don't want to stop, so please go faster,
Everything's wrong, I know, I like it.
You are rock & roll...
...You're rock & roll!
