

Cherry Red

B.B. King

Run here pretty baby, set down on your momma's knee
I want to tell ev'rybody what you've been doing to me
If you got a secret you better keep it to yourself
If you tell me I'm gonna tell somebody else She said squeeze me pretty baby
Squeeze me 'til wrap me in your big brass bed
I want you to squeeze me and tease me
Hold me until my face turns cherry red
