

Is It Gonna Be the Year?

Senses Fail

I didn't go to college
And I don't own a house
I'm used and I'm a failure
And I fucked up somehow
I've just been screaming to a microphone away from home
When everyone I know gave up a long time ago
What else am I supposed to do with my life
All that I've ever known are late night drives
From Salt Lake City to Seattle to San Fran
I hope I die in the back of a fucking van I wear my heart on my sleeve
I know not everyone believes in me
What will I be remembered for?
These are questions I just can't ignore
Is it gonna be the year that kills me?
Or is it gonna be the one that saves me?
'Cause right now I'm suffocating
I don't know if I will make it
This year feels like hell
I'm pretty sure I'm not doing so well
Is it gonna be the year that kills me?
Or is it gonna be the one that sets me free? When I was younger I was a mess, I must admit
I said and did a lot of stupid and selfish things
I never thought that it would last this long
And neither did the others, that's why they're all gone
When is it time to give it up?
And how long is long enough?
And when should I throw it in?
'Cause I don't wanna be a washed-up old man
Is it gonna be the year that kills me?
Or is it gonna be the one that saves me?
'Cause right now I'm suffocating
I don't know if I will make it
This year feels like hell
I'm pretty sure I'm not doing so well
Is it gonna be the year that kills me?
Or is it gonna be the one that sets me free? Is it gonna be the year that kills me?
Or is it gonna be the one that saves me?
'Cause right now I'm suffocating
I don't know if I will make it

Is it gonna be the year that kills me?
Or is it gonna be the one that saves me?
'Cause right now I'm suffocating
I don't know if I will make it
This year feels like hell
I'm pretty sure I'm not doing so well
Is it gonna be the year that kills me?
Or is it gonna be the one that sets me free?
