

Perfect World

Toni Gonzaga

in a perfect world I could be someone, I could be your sun and now I'm shining every step that you take
in a perfect world i'll be the stars and night so i can be your guiding light

Refrain:

and if your feeling out of place I'll be your friendly face

Chorus:

so fly with me stay with me in a perfect world we'll be as free in a perfect world

in the perfect world we can be as free be what we want to be and nothings gonna break our love apart in a
perfect world were magic spells are true a paradise for me and you

(repeat refrain and chorus)

Bridge:

there will never be a sad tomorrow in the perfect world

(repeat chorus)
