

Quickie (After Midnight)

Miguel

Gimme pound gimme pound
Gimme euro gimme yen
Gimme pound gimme pound
Gimme euro gimme yen
I'm international baby
I'm international baby
I'm international baby
I'm international pay me Gimme pound gimme pound
Gimme euro gimme yen
Gimme pound gimme pound
Gimme euro gimme yen
I'm international baby
I'm international baby
I'm international baby
I'm international pay me, pay me I bet you like to pretend
That you're just a tease
She said now and again,
But tonight I'm aiming to please
I could love you long long time
But my love is comin' with fees
I said come on girl quit playin'
I know you're comin' with me And then the music matched
My heart beat-in' faster
Till' she turned,
Took off my shirt
So I followed
To her black room
Where she at
Oh shes there in a stance
Then she held out her hand
And said Gimme pound gimme pound
Gimme euro gimme yen
Gimme pound gimme pound
Gimme euro gimme yen
I'm international baby
I'm international baby
I'm international baby
I'm international pay me Gimme pound gimme pound
Gimme euro gimme yen

Gimme pound gimme pound
Gimme euro gimme yen
I'm international baby
I'm international baby
I'm international baby
I'm international pay me, pay me Electric red leather boots
Worked up to her thighs
Undid a zipper or two
And then she gave me a smile
I ain't a feign or a fool
But I guess I'm caught in desire
Never did this before
But I'm ready to go And then the music matched
My heart beat-in' faster
Till' she turned,
Took off my shirt
So I followed
To her red red room
Where she at
Oh shes there in a stance
Then she held out her hand
And said Gimme pound gimme pound
Gimme euro gimme yen
Gimme pound gimme pound
Gimme euro gimme yen
I'm international baby
I'm international baby
I'm international baby
I'm international pay me Gimme pound gimme pound
Gimme euro gimme yen
Gimme pound gimme pound
Gimme euro gimme yen
I'm international baby
I'm international baby
I'm international baby
I'm international pay me Gimme pound gimme pound
Gimme euro gimme yen
Gimme pound gimme pound
Gimme euro gimme yen
I'm international baby
I'm international pay me Um, do you take check?
