# While You Were Gone

## Jennifer Paige

I read you wrong
You said you'd only be away a while
But the days turned into weeks
and the weeks into miles, baby why?
You could've told me you were tellin' me goodbye
Could've come clean and let me walk away in styleFunny thing is.....
While I was missin' you
While I was figurin "what was I gonna do?"I got wise
I got hip
I caught on to your tricks
I got over it real quick yeah baby
while you were gone
Now I'm cool
Can't you tell?
Feel so good about myself
Funny thing happened to me baby
While you were goneYou look surprised
Like no one ever left you and survived
But leavin' me alone
Has kinda opened my eyes
Baby you, you gave me the time
To find somebody new
and I found strength inside of me I never knewFunny thing is
While he was holding me
While he was showing me how it's supposed to beI got wise
I got hip
I caught on to your tricks
I got over it real quick yeah baby
While you were gone
Now I'm cool
Can't you tell?
Feel so good about myself
Funny thing happened to me baby
While you were goneDidn't break
Didn't cry
I just tell my head I'm fine
I learned how to say goodbye
While you were gone
I had time on my hands

Boy what don't you understand?
Funny thing happened to me baby
While you were goneoh... oh...
while you were gone I learned how to get along
while he was gone I got strongWhile he was holdin me
While he was showin me
how it's supposed to be, oh oh whoaDidn't break
Didn't cry
I just tell my head I'm fine
I learned how to say goodbye
While you were gone
I had time on my hands
Boy what don't you understand?
Funny thing happened to me baby
While you were goneI got wise
I got hip
I caught on to your tricks
I got over it real quick yeah baby
While you were gone
Now I'm cool
Can't you tell?
Feel so good about myself
Funny thing happened to me baby
While you were gonerepeat til fade
