

Pantsuit...uggghhh

Minus The Bear

Where are we goin'?
This spot seems fine
Doing some drinkin'
Bring all the women this time
Bring all the women this time
These girls are beautiful, they're with us
These girls can drink well

Let's get a good one on, stumble all night
Drink up 'til it's gone
Our women keep up alright
Our women keep up alright
These girls are beautiful, they're with us
These girls can drink well

No one sleeps yet
Let's keep it goin' until the morning [x4]

Let's keep it goin'...
