

# CLEVER SLEAZOID

## DIR EN GREY

Wake up you're deadDoing meaningless shit over and over  
I'm just a third-rated star covered in blood  
See the prince on the rocking horse, his polished face looks cool  
I'm just gonna spill my guts on you\*Under the name of Justice  
You can't break my soul  
Under the name of Justice  
Kill yourself  
Think, you moron  
Fall out of line you cockroachRight, left, front, and back, it overflows with despair and pain  
They say this anger, this emotion, and this passion is all a lie  
Wither...  
I'm not even trying to justify myself\* Repeat\*\* The dark, dark Sunday, the blood stains  
You can't save yourself  
The dark, dark Sunday, the blood stains  
One day I will fuck your parentsThis is the last time  
Welcome to the garden of destructionkoe mo denai kurai ni...  
sonna ima ni hitori to kidzukThe night is cold and long  
The night sky is deep and wideThe dark, dark Sunday, the blood stains  
You can't save yourself  
The dark, dark Sunday, the blood stains  
One day I will fuck your parents
