Don't Know Nothing

No Fun At All

I never let off something, leaving something 'cause I know
It's a waste of my time
I never listen to the things you say because I know
It's a waste of my time'Cause I don't know nothing and I'm happy as I am
Don't know nothing and I never gave a damn
Don't know nothing, it's an easy way to live
Don't know nothing and I never gonna give anybody, anythingI never understand the way my mind is operating
Am I wasting your time?
You really would be better off if you would pack and leave me
I am wasting your time'Cause I don't know nothing and I'm happy as I am
Don't know nothing and I never gave a damn
Don't know nothing, it's an easy way to live
Don't know nothing and I never gonna give anybody, anything
