

Have You Got It In You?

Imogen Heap

It takes a lot to be always on form,
It takes a lot
Or maybe not, all the time, all I've got
Maybe not Been one of those days,
Safety first don't push, what's the hurry?
One nerve remaining, waiting on one look, have you got it?
Have you got it in you?
Have you got it in you? All at once, not a whisper nor word,
Then all at once
(Let me have it all, let me have a battle on,
Easy target look can we just, just get it over with?)
It's getting worse, against all the odds,
It's getting worse
(Bow down, floor's yours, last man standing, can we just get it over with?) Been one of those days,
Safety first don't push (don't push me), what's the hurry?
'Cause there's one nerve remaining, waiting on one look (one look), have you got it?
Have you got it in you?
Have you got it in you? Blue, blue, they make me blue
Head down, quick!
Take cover, be good in the move
Blue you, make me anymore blue?
Don't scream, shout
Caught in the light of your suit Been one of those days,
Safety first don't push, what's the hurry?
One nerve remaining, waiting on one look, have you got it?
Have you got it in you?
Have you got it in you?
Have you got it in you?
Have you got it in you?
Have you got it in you?
