

# Lean on You

## Caveman

Woah, Woah, woah  
it's the way I am, just take a moment to believe you're there  
You've got an answer to everything I said but you don't want to be loved  
Leave you out  
Someone tells you now  
Leave you outWoah woah woahJust a thrill I had  
some foolish notion could believe your then  
Is there an answer for anything I said  
Cuz u don't wanna be loved  
Leave you out  
And soooo. Gonna lean on you  
ye soooo. Gonna lean on youWoah woah woah  
Just a broken man, you had the city sitting in you hand  
Is there a reason you took that sense  
Cuz you don't want to be loved  
Gonna leave you out  
Ahhh  
Gonna lean on you  
And so gonna lean on you  
And so gonna lean on you  
Woah...
