Somebody Loves Me

June Katz

Here I am again, alone in my lonely room
How can I believe you loved me?
Here I sit, just thinking of it
All the time that we spent togetherWe were holding hands
Making lots of plans, thick or thin
A lover and a friend to me
You were so easy to loveHow can I believe
That somebody loves me?What happened boy, to the love we shared
How can I believe you loved me?
I just need to know that you cared
Honestly, is the love still there?And if you love me like you say you do
Why don't we make plans for two?
All I need is some kind of signHow can I believe
That somebody loves me?How can I believe
That somebody loves me?
How can I believe
That somebody loves me?How can I believe
That somebody loves me?
How can I believe
That somebody loves me?How can I believe
That somebody loves me?
How can I believe
That somebody loves me?
