

Small Time Shot Away

Massive Attack

Took her in
Dropped a line
Turned me on
We never leave each other
'cause we leave each other so cold
Makes it melt away
The easy part is taking yourself in
It's wartime everytime

Shot away
Wipe the smile from your face
It's getting in the way
It's wartime everytime

She cut me a line and she turned me on
She made it cool
you couldn't do it if you wanted to
It's wartime everytime, small talk everytime

It's my favorite chloroform
It's pill talk everytime, get it out the way
Friction wound
Shot away
Ricochet
We're like identical twins
Sucking on the same teat

Spitting out the same things
It's wartime everytime, small talk everytime
It's my favorite chloroform
It's pill time everytime, get it out the way
Friction wound
Ricochet
Line 'em up and knock 'em down
Shot way
