Lights

Phantogram

(Verse)
And I love the sun
But I can't realize why I'm living alone
And I feel awake
Awake I've never felt before on my own(Pre-Chorus 1)
I know there's something wrong inside your heart
I should've cut my losses long before I knew you(Chorus)
You did a light show
Before your time
This world of ours
And they know that it's too late(Verse)
And I loved someone
I get to lay around and dream on my own
And I feel that there's not a thing
I pour the gasoline to burn on my own(Pre-Chorus 2)
My memories full of only black & blue
I should've cut my losses long before I knew you(Chorus x2)
You did a light show
Before your time
This world of ours
And they know that it's too late(Bridge)
And they know that it's true now
I know, I know, I know, I know it's too late
I tried, won't last
You know that I have control(Pre-Chorus 3)
The stars will fade
And you don't have to die alone(Chorus x2)
You did a light show
Before your time
This world of ours
And they know that it's too late
