Dark Red Lipstick

Lola Monroe

Move back, i?m on ya
new black madonna
you lack persona, you stacks up on a
only do zeros when it?s plus comas
coma, coma, coma
the queen in this bitch
all my diamonds royal blue
Taylor Gang the only team i?m loyal to
tell ?em bring the bodies out,
bring the red bottoms out
pointin? at them mad
i just pick an allen now
best believe i?m out here
broke bitches hidin' now
no really i?m what ya ni***s fighting ?bout
versace for the duffel,
pardon if a muffle
but i?m a bad bitch,
diamond covered muzzle
when all you hatin bitches
always onna struggle
i just do the loonies and
then it coughing couple doubles
motherfucker bitch hatin'
i?m getting too much money
when it gets cold i take my bitches where it?s sunny
Dark red lipstick on
6 inch pumps
i?m about to do me tonight
sitting on the passenger?s side
let my best friend drive
we on one ?bout to get right
tonight, tonight, tonight, tonight
we on one
?bout to get right
i?m like ini mini miny moe
which one of yall wanna get my bo
better hit that pole
then hit that floor

my shit so pump gotta hit that slow

slow, slow, slow
you get that, i get the dough
dough, dough, dough
i?ll get in and check that hoe
all these bitches scare you
but tell ?em that i said so
beggin? for a yes but tell em that i said no
saint laurent on her lips
gold rolley on her wrist
got ass thick enough
for the whole wide world to kiss
fuck two lips, i?ll just switch to tulips
for my two lips
imma show you how to do this
motherfucker bitch hatin'
i?m getting too much money
when it gets cold i take my bitches where it?s sunny
Dark red lipstick on
6 inch pumps
i?m about to do it tonight
sitting on the passenger?s side
let my best friend drive
we all on ?bout to get right
tonight, tonight, tonight, tonight
we all on
?bout to get right
Dark red lipstick on
6 inch pumps
i?m about to do it tonight
sitting on the passenger?s side
let my best friend drive
we all on ?bout to get right
tonight, tonight, tonight, tonight
we all on
?bout to get right
we all on
?bout to get right
we all on
?bout to get right
we all on
?bout to get right
