## Sublime

(Po-po)I-I don't know if you can, but can you get an owner  
For 'ons'? Thats, o-n-s Junior Market  
The address is 1934 East Aniheim all the windows are busted  
Out and it's like a free-for-all, and, ah  
The owner should meet and come down here and see if he  
Can secure his business, if he wants to  
Everybody  
Wooo April 26, 1992  
There was a riot on the streets tell me where were you?  
You were sittin' home watchin' your T.V  
Well, I was participatin' in some anarchy  
The first spot we hit it was my liquour store  
I finally got all that alcohol I can't afford  
With red lights flashing time to retire  
And then we turned that liquour store in to a structure fire  
The next stop we hit it was the music shop  
It only took one brick to make that window drop  
Finally we got our own P.A  
Where do you think I got this guitar that your hearin' today? eh  
(Five-o)call fire at Delzer Super Spot  
On Waldow station on Alameda East Anaheim  
It's ah, flamin' up good (dispatch) 10-4 Alameda East Anaheim  
Homicides, never doin' no time  
When we returned to the pad to unload everything  
It dawned on me that I need new home furnishings  
So once again we filled the van until it was full  
Since that day my living room's been much more comfortable  
'Cause everybody in the 'hood's had it up to here  
It's getting harder and harder and harder each and every year  
Some kids went in the store with their mother  
I saw her when she came out she was gettin'  
Some pampers ah ah ah  
They said it was for the black man  
They said it was for the Mexican  
And not for the white man but if you look on the streets  
It wasn't about Rodney King in this fucked up situation  
And these fucked up police  
It's about comin' up and stayin' on top  
And screemin' 187 on a muther fuckin' cop

It's not in the papers it's on the wall  
National Guard smoke from all around  
(Dispatch) units-units be advised there's a 211 to arrest  
Now 938 Temple, 9-3-8 Temple. 30 subjects with bats  
Trying to get into this baby's house I think their trying  
To kill 'em  
Long as I'm alive I'm alive illegal  
Let it burn wanna let it burn wanna let it burn  
Wanna wanna let it burn  
Don't kill it save it  
Riots on the streets on Miami  
Whoa riots on the streets of Chicago  
Ooh on the streets of Long Beach  
Ooh and San Francisco  
Riots on the streets of Kansas City  
Ooh Tuscamusa Alabama  
Cleveland Ohio, Fountain Valley, Bear Mountain  
Victorvill, Eugene Oregon  
Winamuca Nevada, Phoenix Arizona, San Diego  
Lakewood Florida, Fuckin' 29 palms let it burn  
(One time) any units, this is 2074 a structure fire  
Numerous subjects looting 1015 get rid of this looter 10-4
