Anna Blue

Blue Angel

Anna Blue oh
Anna Blue oh
Anna
Not me, not you
Just time and a sigh
On a line look in fine print-
The small town dream
To be part of the scene
You can wear it with a style
In your eyes a story never spoken-
Anna Blue oh
Anne Blue oh
Anna
Just me, just you
Just a wide eyed girl
Turn around quick-
I'm walkin' my high heeled shoes
And I'll be talkin' pretty smooth
Like some souped up cosmo girl
In a stupifying world
But before I fall I wake up crying
Oh... when I sit back
I'll sigh and think...
