

# Kaleidoscope

## Simple Minds

See, what so you see  
Tell us the things  
That circulate round you  
Scars, deep as an ocean  
I've got some things  
I'd like to show you  
Friends of mine  
Who ask to stay  
Well, you can turn around  
And walk  
All things lie in hope  
Focusing through  
Your human kaleidoscope  
One man has a dream  
Tells it to me  
And I call it fiction  
Friends of mine  
Who ask to stay  
Well, they can turn around  
And walk, walk, walk  
Walk away  
Chimes, rhythms to me  
Someone else waits  
Behind the curtain  
Image, leave them to me  
Destructive virgin  
Behind the curtain  
Friends of mine  
Who ask to stay  
You can turn around and  
Walk, walk, walk  
Walk, walk, walk away  
Walk walk, walk away  
Walk walk, walk away  
Walk, walk away  
Walk, walk, away  
Away, away, away
