

Overlord

Bolt Thrower

A time for peace, a time for war
Time moving onwards forever more
A time to live, a time to die
Hypocrisy, now deniedLife [?]Blood flows cold
Contempt overruns the soul
draining deep inside
The litany abideEmbraced by terror
No place to hide
Face the final judgement
Compassion now slowly diesStripped of all sanity
Installed a new reality
Overlord supremacy
Vengeance now impliedEmbraced by terror
No place to hide
Face the final judgement
Compassion now slowly diesNow free from strain
Existence drains away
Fallen as the rain
To be lost in life's painNow [...]
Can comprehension fit in?
You stretched beyond capacity[?]
Vengeance shall be mine
