

Skeleton Boy (Air France Remix)

Friendly Fires

I close my eyes on the dance floor
I forget about you
I lose myself in flashing colors
I've gotta see it through You're too much,
I take it that we're over
Should we even care at all?
You're too much, too much
Let's shake hands and say good Your love is out
Believing despite the loss
Give me your hand
Let's face this night and see it through Your love is out
Believing despite the loss
Give me your hand
Let's face this night and see it through Right by my feet, lay broken glasses
You Skeleton Boy
Sweat from the walls, drips on my shoulder
I've got to see it through You're too much,
I take it that we're over
Should we even care at all?
You're too much, too much
Let's shake hands and say goodbye Your love is out
Believing despite the loss
Give me your hand
Let's face this night and see it through Your love is out
Believing despite the loss
Give me your hand
Let's face this night and see it through Your love is out
Believing despite the loss
Give me your hand
Let's face this night and see it through Your love is out
Believing despite the loss
Give me your hand
Let's face this night and see it through Your love is out
Believing despite the loss
Give me your hand
Let's face this night and see it through
