I Really Don't Want To Know

John Travolta

How many arms have held you
And hated to let you go?
How many? How many? I wonder
But I really don't want to knowAnd how many lips have kissed you
And set your soul aglow?
How many? How many? I wonder
But I really don't want to knowSo always make me wonder
And always make me guess
Even if I ask you
Darlin', don't confessNo you just let that remain your secret
'Cause darlin', I do love you so
How many? How many? I wonder
But I really don't want to know
