This Is Me

Emma Roberts

When you walked into my life
You made me feel so right
I believed in all your love
But you started holding on to tight
I don't like pretending for you
Keeping track of the lies is too hard to do
Oh, baby let me breathe
Love me or set me free
I don't want you to think you know what I should be
I'm just waiting for you to see
This is me, yeah, this is me, yeah
If you want to stay by my side
You're gonna have to change your mind
I'm not asking for you to be my prince
Why can't you see my beauty inside
Baby, if that's just hard too do
Then I guess I'm sorry not for me but for you
Oh, baby let me breathe
Love me or set me free
I don't want you to think you know what I should be
I'm just waiting for you to see
This is me, yeah, this is me, yeah
If you could take a minute
Try to believe
I swear you'd see me shine
Can't you see that this is me
Oh, baby let me breathe
Love me or set me free
Oh, baby let me breathe
Love me or set me free
I don't want you to think you know what I should be
I'm just waiting for you to see
This is me
Oh, baby let me breathe
Love me or set me free
I don't want you to think you know what I should be
I'm just waiting for you to see
This is me
Oh, baby let me breathe

Love me or set me free
Oh, baby let me breathe
