Heaven Is A Secret

Spandau Ballet

She'll sing a West-Side song
You could be the boy in the film
Heaven is a secret
Heaven is a secret
Where are the West-Side boys?
Fighting on the scaffold of love
Scripted pleasures made forever
Easier said than done together
Heaven is a secret
It's a passion
It's a long way over there
Far from her arms tonight
Heaven is a secret
It's a passion
It's a long way over there
Far from her arms tonight
Far from her arms tonight
Here is her model home
Listen to the call of the wild
Heaven is a secret
Heaven is a secret
Facts are an awful shame
The shadow of a doubtful affair
Scripted pleasures made forever
Easier said than done together
Heaven is a secret
It's a passion
It's a long way over there
Far from her arms tonight
Heaven is a secret
It's a passion
It's a long way over there
Far from her arms tonight
Far from her arms tonight
Act One's the same as you read in the book
Could this be the thing that they shout about?
No more in distress, now it's rushed through the door
And you can't believe that the secrets out
Scripted pleasures made forever

Easier said than done together
Heaven is a secret
It's a passion
It's a long way over there
Far from her arms tonight
Heaven is a secret
It's a passion
It's a long way over there
Far from her arms tonight
Far from her arms tonight
Far from her arms tonight
Far from her arms tonight
Heaven is a secret
Heaven is a secret
Heaven is a secret
Heaven is a secret
Heaven is a secret
Heaven is a secret
Heaven is a secret
Heaven is a secret
