

Something's Going On

Joseph Pfeifer

I can't remember the last time
That I felt this way
That I felt this way And I can't remember the last time
That I felt so free
That I felt so free Something's going on
I cannot explain it
There's something going on
I cannot contain it
There's something happening
And it is erasing all the hate within me
Ohhhhhh oh oh
All the hate within me I feel like I'm living in a dream
And I cannot wake up
I cannot wake up The dark clouds are no long covering me
I can finally see
I can finally see Something's going on
I cannot explain it
There's something going on
I cannot contain it
There's something happening
And it is erasing all the hate within me
Ohhhhhh ohhhh
All the hate within me I hear you whispering my name
I hear you calling out to me
I hear you whispering my name
Your faith has made you well
Your faith has made you well And all i want
And all I have
And all i need is you And all I want
And all i have
And all I need is you
