

Surrender

Sammy Hagar

You and I stood on separate sides
If we get too close we'd only hide
Any other way but face to face And I'd be willin' to give you all
So take a little step you don't have to fall
If you want the fruits, you have to taste Surrender, so I can give you my love
Surrender, I don't wanna be the one
Tuggin' on an empty sleeve
I can't stop 'cause all I need girl is you Now, everybody knows I'm stuck on you
So what's with all these games that we go through
You can take your time and watch me walk away Oh, surrender, so I can give you my love
Surrender, I don't wanna be the one
Who's tuggin' on an empty sleeve
I can't stop 'cause all I need girl is you Don't ya see I've been riding out the tide
Patient right from the start
But all this waiting's like an arrow in my side
Now, look at me, can't you see my heart
Beat, beat, beat, beat, beating for Surrender, so I can give you my love
Surrender, I don't wanna be the one
Who's tuggin' on an empty sleeve
I can't stop 'cause all I need girl I could be the one that you've waited for
But you'll never know once I shut the door
I'm gonna make my move, don't let me walk away Oh, baby, just surrender, so I can give you my love
Surrender, I don't wanna be the one
Who's tuggin' on an empty sleeve
I can't stop, all I need is, surrender I don't wanna be the one
Tuggin' on an empty sleeve
I can't stop 'cause all I need is Surrender, so I can give you my love
Surrender, I don't wanna be the one
Who's tuggin' on an empty sleeve
I can't stop 'cause all I need is surrender
