

Last Stop

LAL

I write a million songs about the weather
But when it comes to you
I pick up all the pieces of the chords I didn't use I pick 'em up and glue them back together
I sure hope this will do
Yeah, here's a piece of trash I cleaned and polished just for you 'Cause it's the last stop of the night
I sure hope this will do, yeah, I sure hope it'll do
'Cause it's the last kiss of the night
I sure hope it'll do 'cause after this I'm through This distance is the best thing that could happen
When it comes to us
I was getting tired of pretending it was love One girl's trash is some other boy's treasure
When it comes to skin
Against a tiny shirt, you know the boys don't often win Well, it's the last stop of the night
I sure hope it'll do, I sure hope it'll do
'Cause it's the last pointless kiss of my life
I sure hope it'll do 'cause after this I'm through with you
With you, with you, you, with you
With you, with you Can't you see I'm killing you
Can't you see I'm dead
Goodbye love, goodnight hate
Just let me go to bed It's the last stop of the night
I hope that it'll do, yeah, I hope that it'll do
It's the last pointless kiss of my life
'Cause it's the last pointless kiss of my life
I sure hope it'll do 'cause after this I'm through with you
With you, with you, with you I'm through
