

# Lost And Lonely

## The Rasmus

It feels like the end of time  
Like something bad is coming  
You've been living in the world of lies  
Your see through walls are falling  
It's getting hard to accept that I'm losing you

I watch as you sleep  
Your nightmares break the silence  
I can tell that you're in too deep  
Got your mind down to a science  
And every time that I touch you  
I'm losing you

You're the eve of my destruction  
In the garden of fears

Why am I devastated  
You threw it all away  
Now who's the one who's lost and lonely  
I gotta break away from you  
Who will pay for all the things you've done  
I'm not the only one

You're out of control inside  
I don't need x-ray vision  
To see all the desperate signs  
You made your heart a prison  
I took it all out of fear of losing you

In the valley of deception  
There is a river of tears

Why am I devastated  
You through it all away  
Now who's the one who's lost and lonely  
I gotta break away from you  
Who will pay for all the things you've done  
I'm not the only one

So many nights, so many fights

So many days, too easy to erase

Why am I devastated  
You through it all away  
Now who's the one who's lost and lonely  
I gotta break away from you  
Who will pay for all the things you've done  
I'm not the only one
