Not Ready Anymore (Acoustic)

The Griswolds

We don't need nothing to make our mark or show that we're the innovators
You'll never compromise our place
You'll never recognize my face
I'll come creeping around your place
But you'll never recognize my faceThe feeling that something's about to pry
I know that we'll be separated
The mirror says you can't replace
The sweet embrace of Mary-Jane
Youth that's a familiar taste
Will you ever recognize my face'Cause I'm not ready anymore
'Cause I'm not ready anymore
'Cause I'm not ready anymoreWe don't want your money
You'll break our hearts if fame will make us any younger
With every penny that we've saved
Farewell to another day'Cause I'm not ready anymore
'Cause I'm not ready anymore
'Cause I'm not ready anymoreYou'll never compromise our place
You'll never recognize my face
I'll come creeping around your place
But you'll never recognize my face'Cause I'm not ready anymore
'Cause I'm not ready anymore
'Cause I'm not ready anymore'Cause I'm not ready anymore
'Cause I'm not ready anymore
'Cause I'm not ready anymore
