

Still Standing

The Rasmus

I wish you were here tonight with me to see the northern lights
I wish you were here tonight with me
I wish I could have you by my side tonight the sky is burning
I wish I could have you by my side

Cause I've been down
Now I've been crawling
Won't get down no more

[Chorus:]
Can't you stop the lies
Falling from the skies
Down on me
I'm still standing
Can't you roll the dice
I might be surprised
Conscience clear
I'm still standing here

Burns like a thousand stars, though you are light years away
Burns like a thousand stars and more

Cause you're up there
You're always with me
Smiling down on me

[Chorus]

Something sacred, something so beautiful
Something quiet to ease my mind
While the pressure's taking me over and over

Cause I've been down
And I've been crawling
Closed around and always falling
You're up there
You're always with me
Smiling down on me

[Chorus:Repeat x2]
