Gracious

Bobby McFerrin

Gracious the One,
Who is there when you call
Fix you up when you fall,
It's Love.
Startin' to wake
All kinds of feeling that
You didn't know you had
Because it's true, it's something new
It's all right!
Gracious the One,
Who came and told us that
Love is all that matter's now
Let go the past
The best of your life is
The rest of your life if
You just be true
It's something new
It's all right!
