

# You're No Good

## Major Lazer

You're no good for me  
But the way you movin at me, oh it might be  
You want a Jamaican one  
She say she love me and I'm nice  
Nothing after he return, nothing at the night  
She say it's loving, make this down  
No time at all, she don't wanna line  
She touch me, it all become nice  
She love me, for the rest of her life  
D drop it down, round kiss on mi spine  
Touch and make a sweet song, on top of all things  
My uh uh uh uh uh  
My ee ee ee ee ee  
My uh uh uh uh uh (my baby)  
My ee ee ee ee ee  
My aa aa aa aa me  
My melodea  
My L L L LSD  
I know you'll come back around  
My aa aa aa aa me  
My melodea  
My L L L LSD  
You want a Jamaican one  
I know you'll come back around  
If I had you back  
I'll never let you go another way  
Not for the life of me  
How could you imagine that?  
Well my mistake that send you on your way  
Well nothing I can say  
To you like drops of water  
Don't ask me what went wrong  
Can't turn back the damage I've done  
Can't take em back after I'm gone  
A fool to keep on trying  
Can't make me walk away  
'Cause baby I'm back and as I'm getting strung that you'll be back one day  
My aa aa aa aa me  
My melodea

It's for your eyes only, living for you solely  
It's for your eyes only, living for you solely  
It's for your eyes only, living for you solely

It's for your eyes only, living for you solely
