

# Freedom?

## Psychotic Waltz

people can you feel anymore?  
look through the keyhole, listen at the door  
can you see? can you see? freedom is blowing away  
by the wind that flies your flag  
the pride of yesterday  
people can you breathe anymore?  
do you remember what you're fighting for?  
are you free? can you be?  
are you free? can you see? can you feel my soul?  
can you feel?  
can you feel the quiet cold? are you free? can you be?  
are you free? can you see?
