

Shut Me Up

Mindless Self Indulgence

The bass, the rock
The mic, the treble
I like my coffee black
Just like my metal With the bass, the rock
The mic, the treble
I like my coffee black
Just like my metal 'cause I can't wait for you to knock me up
In a minute, minute
In a fuckin' minute I can't wait for you to knock me up
In a minute, minute
In a second I can't wait for you to shut me up
And make me hip like badass
I can't wait for you to shut me up
Shut it up I can't wait for you to shut me up
And make me hip like badass
I can't wait for you to shut me up
Shut it up The bass, the rock
The mic, the treble
I like my coffee black
Just like my metal The bass, the rock
The mic, the treble
I like my coffee black
Just like my metal 'cause I can't wait for you to fuck me up
In a minute, minute
In a fuckin' minute I can't wait for you to fuck me up
In a minute, minute
In a second I can't wait for you to shut me up
And make me hip like badass
I can't wait for you to shut me up
Shut it up I can't wait for you to shut me up
And make me hip like badass
I can't wait for you to shut me up
Shut it up I don't buy your body right now
(right now) I'm almost over my body right now
(now)
I'm on my way to the party right now (right now) I don't buy your body right now
(right now) I'm almost over my body right now
(now) I'm on my way to the party right now (right now) Because the break, the break, the break I can't wait for
you to shut me up

And make me hip like badass
I can't wait for you to shut me up
Shut it up I can't wait for you to shut me up
And make me hip like badass
I can't wait for you to shut me up
Shut it up
