Tell Me

Go West

People say that you never
Miss what youve got till it's gone
But I found you and I wondered
How I got by on my ownSeemed like the star that I wished on
Was right there by my side
And Ive been in pieces
Since the day you said goodbye, girlTell me, tell me, tell me, tell me
Tell me where I went wrong
Show me, show me, show me, show me
How to be strongCause all that I needed was someone like you
Now that youre gone, what can I do?
Tell me, tell meWith the face of an angel
And a heart of gold
You were my shoulder to cry on
My flesh and blood, Venus to holdBut something was wrong with this picture
Wish that Id seen it too
Cause my dream was over
When I woke up without you, girlTell me, tell me, tell me, tell me
Tell me where I went wrong
Show me, show me, show me, show me
How to be strongCause all that I needed
Was someone like you
Someone I thought I really knew
Tell me, tell meWas it my imagination?
Was my head up in the clouds?
I cant believe youd build me up
Just to tear me downBut you left no explanation
And I just cant work it out
Why say time was on our side
When time was running out?Youve got to tell me, tell meBaby, Ive been in pieces
Since the day you said goodbye, girlTell me, tell me, tell me, tell me, baby
Tell me where I went wrong
Show me, show me, show me, show me
How to be strongCause all that I needed was someone like you
Now that youre gone, what can I do?
Tell me, tell me, got to tell me, tell meTell me, baby, how to be strong
Show me, show me, show me, show me
You got to tell me, tell meTell me, tell me, tell me, tell me
Now you tell me time was on our side

Show me, show me, show me, show me
Tell me, tell meTell me, tell me, tell me, tell me
Baby I don't know, well
Show me, show me, show me, show me
Tell me, tell meTell me, tell me, tell me, tell me
