From the Inside

Marcia Hines

Like a star in the midnight sky
your love was there to guide me
I was weak too weak to try
You be there right there beside me
Urging me on, and making me strong
You kept on saying
Go on girl you can do anything you like
There's nothing to it, no
It's just seeing it through from the inside
From the inside
I spread my wings and left the nest
Swearing nothing would get by me
Tasted love and I tasted life
But not enough to satisfy me
leading me on. and making me strong,
you kept on saying
Go on girl you can do anything you like
There's nothing to it
It's just seeing it through it from the inside
From the inside
Like a star in the midnight sky
That fades into the morning
I came back to show you I could fly
But you had gone without a warning
You keep moving on
And making me strong. I heard you saying
Go on girl you can do anything in life
There's nothing to it, no
It's just seeing through it from the inside
From the inside
Go on girl you can do anything in life
There's nothing to it, no
It's just seeing through it from the inside
