

Forcefield

Jax

I see you try to pick a fight with me
But I pack of bigger punch than you think
Always thinking Iâ€™m a deer in the headlights
What I got for you will leave you blind

You got your war
Awe-struck or nothing at all
Keep wanting more and more and more

You wonâ€™t break me
Nothinâ€™ shaking me
You can try
But I wonâ€™t fail
Indestructible, Iâ€™m invincible
Standing strong like a force field
Oh oh
I am strong like a force field
Oh oh
I am strong like a force field

Though your words
Are like daggers in the dark
Not close enough to pierce my heart
Keep on, keep on trying to chase
I'm not the mouse, see itâ€™s okay

You wonâ€™t break me
Nothinâ€™ shaking me
You can try
But I wonâ€™t fail
Indestructible, Iâ€™m invincible
Standing strong like a force field
Oh oh
I am strong like a force field
Oh oh
I am strong like a force field
