Love on the Rocks

Neil Diamond

Love on the rocks, ain't no big surprise
Just pour me a drink and I'll tell you some lies
I got nothing to lose
So you just sing the blues for a whileI gave you my heart and I gave you my soul
You left me alone here with nothing to hold
Yesterday's gone
And now all I want is a smileFirst, they say they want you
How they really need you
Suddenly you find you're out there
Walking in the stormWhen they know they have you
Then they really have you
Nothing you can do or say
You've got to leave, just get away
We all know the songYou need what you need
And you can say what you want
But there's not much you can do
When the feeling is gone
And may be blue skies above
But it's cold when you're love's on the rocksFirst, they say they want you
How they really need you
Suddenly you find you're out there
Walking in the stormWhen they know they have you
Then they really have you
Nothing you can do or say
You've got to leave, just get away
We all know the songLove on the rocks, ain't no surprise
Just pour me a drink and I'll tell you some lies
Yesterday's gone
And now all I want is a smile
