Those Eyes

Thirsty Merc

There's something about you girl
A mystery
I can't put my finger on
Just what it could be
But ever since you walked in
A different energy
Has taken my mind and heart awayAnd you're crossing the room
And you're talking to me
And now I know what I seeThose eyes are gonna make me fall
One look, I want it all
Those eyes
You've got me hypnotised
Those eyes are gonna see me through
Pretty Girl, I'm loving you
Those eyes
You've got me hypnotisedI don't even know your name
Is this a dream?
Cause right now I feel so high
I can't begin to explain
My temperature's rising wild
You're making me sweat
Tonight is a night I'll never forgetAnd you're crossing the room
And I'm talking to you
And now I know that it's trueThose eyes are gonna make me fall
One look, I want it all
Those eyes
You've got me hypnotised
Those eyes are gonna see me through
Pretty Girl, I'm loving you with
Those eyes
You've got me hypnotisedHey girl, it's now or never
Those eyes are gonna last for ever moreAnd you're crossing the room
And you're one step away
And I'm looking at you
What more can I say?Those eyes are gonna make me fall
One look, I want it all
Those eyes
You've got me hypnotised
Those eyes are gonna see me through

Pretty Girl, I'm loving you with
Those eyes
You've got me hypnotised
