Neako

(This is so amazing)Neako:

Yeah, uh

Hey little kids wanna be like me

Smoke weed like me

Wanna drive in the car, top speed like me

Follow me you'll see

Gotta raise the temperature three degrees

Gotta meditate, then levitate, regulate with ease

You gone need a girl right by your side

To get you what you need

It's a small town, I mean so small they can hear you breathe

Right where you sleep, somebody there to take what you eat

From the projects, to the Woodland, to some major league ahhh

Still these niggas still sleep cause I ride in all black SUV

(inaudible)

And I pray to the Lord every single night that he shine so bright his light on me

Eyes all red and my diamonds blue

Main bitch yellow and my Jesus too

Other won't write

Get pussy all night, run the streets all day

Hoes call me Jose, okay

Smoking that zebra and fucking with g's

Whole lot of flows and I do it with ease

Fuck wit me doe, take three totes

Inhale the smoke, then turn to a ghost

Transparent, it's all good when the money clearing

But when them checks stop rolling in

That's the same day that we all fearing

And now I'm wheel steering

So far from where they shot (inaudible)

Other niggas coulda tagged along

But at the end they was not willing

To put it all on the line

And do it all on the dime

And do it all of the time

Until these kids know like all of your rhymes

Put your shades on, stare into the eyes of your enemies

You can drive fast, but when you crash there's penalties

Then these old g's

Still around with they old knees
As I ride through the cold streets with a bad bitch
And her toes pink, and her booty big
And her pussy great, and she doin good
What being in place
And my niggas good, yeah my niggas straight
And my money coming in a figure eight
What it look like, let me know
Just a year ago we was so broke
But I changed that with the same raps that you play back
It's so crazy bro
Some people lost in the past
Some I wish that would come back
Most of em all made me
Yeah, and that's a natural fact
Now this is all mine's
And to me that's all fine
I deal on the grind
Now, these are the times
