

Just One Time

Les Big Byrd

Just one time, oh just one time.

Won't you change your mind.

Come on, change your mind.I know I've been blind.

Yeah, I've been blind.

But won't you please just one time baby, come on, change your mind.Just one time, oh just one time.

Won't you change your mind.

Come on, change your mind.I know I've been blind.

Yeah, I've been blind.

But won't you please just one time baby, come on, change your mind.Just one time, oh just one time.

Won't you change your mind.

Come on, change your mind.I know I've been blind.

Yeah, I've been blind.

But won't you please just one time baby, come on, change your mind.(Just one time, oh just one time.

Won't you change your mind.

Come on, change your mind.)(I know I've been blind.

Yeah, I've been blind.

But won't you please just one time baby, come on, change your mind.)
